ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IF PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

PRICE LIST OF SALE 50c

Is This Your First Auction Catalog?

Generally speaking, "ordinary coins" in circulated condition can usually be obtained at auction at from one-half to about three-fourths of the listed values with the exception of the popular ones. Of course scarce and rare coins, even tho circulated, will bring very close to listed values with some bringing even higher. The reason is fairly evident upon a little reflection. Scarce and rare coins keep advancing from year to year at a much greater percent of increase than do the more readily obtainable coins. Naturally, the coins most in demand will have the greatest number of bidders for them and with the law of supply and demand working, these coins keep setting new records.

Proof coins, currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." Some are bringing considerably over their listed values.

Sometimes a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the few items in popular demand, at the time of the publication. In the final analysis, you, the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bid as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated were we collecting. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

Sincerely,

A. M. (Art) and PAUL KAGIN.

Our sales are carefully cataloged with considerable weight given to our research department. The estimated prices are entered only after careful examination of the results obtained in our past sales (which reflect the actual and not theoretical value)—the 1952 Guide book and the 1951 standard catalog. These prices are not a limit as higher or lower prices may prevail.
